26th June 2009

Dear Coaches,

There appears to be a belief that as a coach you could not be a director of ABS Ltd.

I would like to clarify this point and openly encourage any coaches with relevant experience and skills to apply for Directors posts as they become available.

This would also apply to the current posts for the operational teams.

For Clarification, as per our By laws, a coach cannot act as an official.

In line with our drive to better leverage on resources this maybe a change that the members consider in the future.

For and on Behalf of ABS Limited

Richard Thomas

Chief Executive Officer
