

The Members  
Amateur Boxing Scotland Limited

23 September 2011

Dear Members,

As you will all be aware the SME – 1 Initial Medical Examination form is a very important document and is required in the interests of the health and safety of all our registered boxers.

There have been recent instances where ABS has received initial medical examination forms which it has been unable to process. The main reasons for this have been: (i) the forms have not been completed correctly; (ii) have been copied; (iii) have been defaced; (iv) are generally unreadable.

As this form is an important medical document, it is paramount original (not photocopies) forms are completed accurately, full details are provided and the form is legible. Should this not be the case ABS will not process the forms.

ABS will distribute these forms via the District Secretary on an "as required" basis and all future forms will have the relevant season referenced on them.

Yours Sincerely

A handwritten signature in blue ink, appearing to read "Fraser Walker", written in a cursive style.
